## CUSHIONS & PILLOWS

**Cushion Features:** Removable cushions are available for all seating. Cushions are individually designed for each piece of furniture. Nylon zippers prevent rust. Cushion inserts are made of synthetic materials that resist mildew, mold and other deteriorating effects of moisture. We offer straight stitch or welting style seams on our cushions.

**Pillow Features:** Pillows are available in COM fabric, Sunbrella Marine Grade or Sunbrella Furniture Grade fabrics. Three sizes offered: 16" square, 18" square and 20" square. All pillows are filled with poly batting and require 1 yard of fabric. When using fabric with large patterns or stripes, increase yardage by 50%. Welting (as shown) is also available, but must be specified.

**Fabric Selection:**

- Cushion pricing is based on COM (Customer's Own Material).
- Cushions are also available in Marine-grade Sunbrella and Furniture-grade Sunbrella fabrics.
