ESTATE FURNITURE

AN AMERICAN STORY  
MADE IN MAINE

Represented by JANUS et Cie

## UMBRELLAS

Umbrellas have a separate wind vent to release gusts of wind, reducing risk of umbrella tipping over. Pole, ribs and finial are made in natural teak. Steel umbrella bases are wrapped in aluminum to resist typical corrosion with ground contact and are available in white and sand. Open/close system with three strand nylon line and brass pin. Hardware is polished brass. *Finial also available in brass, as shown.*

### Sizes:

**9' Octagonal** - with 2" wood pole and ribs and 21" square aluminum wrapped base. Overall height = 8'9". Recommended for 48" and 60" diameter table.

**11.5' Octagonal** - with 2 1/2" wood pole and ribs and 24" square aluminum wrapped base. Overall height = 9'4". Recommended for 72" and 84" diameter table.

**13' Octagonal** - with 2 1/2" wood pole and ribs and 24" square aluminum wrapped base. Overall height = 9'4". Not recommended for tables; stand alone use only.

### Canopy Fabric:

Sunbrella Fabric (marine/awning grade only for umbrella canopy).

### Options:
